

## FREELANCE INFORMATION SHEET

### ABOUT SUZY

I want to live in a world filled with fun and colourful designs, which inspire and inspire people. My detailed and layered patterns are made up of quirky illustrations and intricate shapes, in bright hues inspired by the coast.

With training in history of art, art and design, textiles and surface pattern design, I started The Leaf Press in 2010. I sell gifts and stationery online world-wide and design for businesses in East Anglia where my studio is based.
